Species of Interest: Pickerel, Largemouth Bass, and Crappie

Equipment Needed: Recommend a 4-6 weight fly rod. Recommend you include an ultra-light to medium spinning rod in your equipment as well.

Rods: Fly Rods from 6-8 wt with floating line as we will be fishing in 2-5' depths

Recommended Flies: Streamers such as Clouser Minnows, Bullethead Darters, Woolly Buggers and Crystal Buggers in hook sizes 2 through 1/0 for targeting pickerel. For anyone using Spinning gear and small spinners or spinner/fly combinations work well here as will very small minnow type lures.

License Required: Delaware license. A license is available on-line with credit card purchase. A seven day tourist (non-resident) license costs \$12.50 + \$1 handling, or \$20 for the whole year. The following is the link to website to acquire your Delaware fishing license:

Safety Equipment: Please remember that if you are planning to fish from any type of water craft—boat, kayak, canoe, float tube—be sure you have a PFD that fits. And remember it is not a cushion for you to sit on—it's made to wear. In the Winter and Spring when water is below 60 degrees it presents an acute, rapid onset hypothermia threat if you fall in; be sure you have a plan to keep yourself safe such as immersion protection clothing or some other strategy. We recommend you also bringing some type of signaling device—a loud whistle works well or VHF radio. A first aid kit in your vehicle is always a good idea. And hand sanitizer is always useful if for nothing but to get the fish smell off your hands.

Please do be safe out there as it is your responsibility to stay within your capabilities and practice water safety at all time.
