Location:

We have a lot of work to accomplish, including the following:

- Repainting the walls inside the clubhouse.
- Cleaning out the overhead lights.
- Replacing the fluorescent lights in the one overhead lights.
- Installing the new curtains.
- Edging the sidewalk from the parking lot to the clubhouse, removing the grass that has overgrown on the sides of the sidewalk.

The club will provide the roller brushes, trim brushes, paint, and trays...we need members willing to paint for a couple hours as well as edge our sidewalk.
