**“Shallow-water Fishing  
Presentation with  
Demonstration of Fishing  
Techniques”**

A Free Virtual Hands-on Session Presented by Joe Bruce, FSFF  
Member and Nationally Recognized Fly Fishing Author

SATURDAY December 12, 2020  
10 AM to 12 PM

Location:  
Virtually Via a Zoom Meeting

Joe Bruce will share a life time of recommendations on how to better fish in shallow water and catch more fish. This club sponsored event, free to FSFF members, is part of a continuing series of club sponsored Saturday sessions focused on hands-on demonstrations of all aspects of fly fishing.

We have all seen the photos of the big toothy pickerel and monster largemouth bass being held up by Joe sitting in his kayak, with a knowing smile on his face...knowing there are a lot more fish just waiting in the shallows just waiting for another cast!

During this virtual hands-on demonstration, Joe will cover the following:

- **Reading shallow water habitats and deciding where to fish**
- **How to effectively work lily pads, depending on the time of day**
- **Choosing which retrieves will work best under what conditions**
- **Choosing the right gear to fish shallow water habitats**
