

**Free State Fly Fishers
Presents:
“Selecting/Purchasing the Right
Fly Rod, Reel, Line and Leader for
Different Fishing Conditions”**

A Free Hands-on Session Presented by Duber Winter, FSFF
Member and Regionally Recognized Fly Fishing Teacher

SATURDAY April 17, 2021
10 AM to 12 PM

Location:

Virtually Via a Zoom Meeting or at the FSFF Clubhouse

Duber Winters will present how to select (and purchase) the right rods, reels, lines and leaders for the type(s) of fly fishing you enjoy. This club sponsored event, free to FSFF members, is part of a continuing series of club sponsored Saturday sessions focused on hands-on demonstrations of all aspects of fly fishing.

Finding the right combination of rods, reels, fly fishing lines and leaders when there are a seemingly unlimited number of options can be down right frustrating and confusing. How do you balance performance with cost with what set of gear do you really need given the type of fly fishing you are comfortable with? How can you find a balanced rig at a reasonable cost?

During this hands-on demonstration, Duber will cover the following:

- **How to select the best fly rod for you, considering costs, brands, and other considerations**
- **What fly lines work best for which fly fishing conditions and selecting the right line factoring in different manufacturers, cost, and line specifications**
- **Breaking down fly reels, from the most simple to ones with bells and whistles**
- **Matching leaders with what you are fishing for, how and where**
