Joe Bruce will present a series of techniques for helping catch more shad. This club sponsored event, free to FSFF members, is part of a continuing series of club sponsored Saturday sessions focused on hands-on demonstrations of all aspects of fly fishing.

Fly fishing for shad brings its own set of challenges as well as some incredible rewards. You will need to bring a different set of flies as well as some different fishing techniques to improve your number of hooks-up of these exciting spring spawners.

During this virtual hands-on demonstration, Joe will cover the following:

- **How to fly fish for the two species of shad in our region’s rivers**
- **What is the best set of fly gear—rod, lines, and leaders**
- **What are the hand-full set of flies that will catch shad**
- **Fly fishing techniques specific to hickory shad versus white shad**
