

Free State Fly Fishers Presents:

“Experiencing Offshore Fly Fishing— An Introduction”

A Free Hands-on Session Presented by Ed Waleryszak, FSFF
Member and Experienced Offshore Fly Fisher

SATURDAY September 18, 2021
10 AM to 12 PM

Location:
Free State Fly Fishers Clubhouse

Ed Waleryszak will introduce the different unique aspects of fly fishing for offshore ocean fish species. This club sponsored event, free to FSFF members, is part of a continuing series of club sponsored Saturday sessions focused on hands-on demonstrations of all aspects of fly fishing.

How you ever wanted to fly cast to sailfish and other large fish species who call the open ocean home? Come join your fellow members and join our fellow experienced offshore fly fisher and find out more about how one goes about casting and hooking up some strange looking and extremely big fish.

During this hands-on demonstration, Ed will share the following:

- **A basic overview of what’s different and what’s similar about offshore fly fishing compared with bay, lake and river fly fishing**
- **What are the wide array of fish species which you can fly fish for in the offshore ocean environment**
- **What fly fishing gear is needed for hooking and landing offshore fish**
- **What flies are used and just how are they fished**

Questions? Please contact Ed Waleryszak at edwaleryszak@gmail.com.
