Joe Bruce will teach a hands-on, on-pond class on the basics of fly fishing for pickerel on one of the most productive pickerel waters close to FSFF members. This club sponsored event, free to FSFF members, is part of a continuing series of club sponsored Saturday sessions focused on hands-on demonstrations of all aspects of fly fishing.

Never fly fished for pickerel before? This is the perfect opportunity to learn directly from a one of the best ever pickerel fly fishers. During this hands-on, on-pond class, Joe will cover all aspects of fly fishing for pickerel, from the gear to flies to how to cast to where to cast and, most importantly, how to effectively catch pickerel on the fly.

You will need to bring your own kayak, canoe or boat as well as your own fly fishing tackle. If you don't have pickerel flies, Joe can share some with you as he has a few in his fly box! If you participated in Joe's February 5th "Everything You Need to Know About Fly Fishing for Pickerel", then this is the perfect opportunity to but that new knowledge to work.
