About the fishing: Shore fishing is available although limited. You’ll need a canoe, kayak, rowboat, or powerboat to fish the entire pond. Typically, the park does not rent boats until Memorial Day. However, you can call the park to see if the rentals will be open on 22 May. If you are launching a trailered boat you must use the boat ramp. Otherwise, you can launch a cartop boat from the Day Use Area. However, your vehicle must remain in the designated parking lot. You cannot drive through the Day Use area to the water.

Species of Interest: Largemouth bass, bluegill, sunfish, pickerel, and crappie.

Equipment Needed: Recommend a 4-6 weight fly rod with floating line as most of the action will be with poppers on the surface or subsurface close to the shoreline. Best fishing is out on the pond, so bringing a canoe, kayak or other boat is recommended.

Recommended Flies: Small to medium sized poppers (e.g., chartreuse Sneaky Petes are a FSFF favorite), wooly buggers, terrestrials (ants, hoppers, beetles, etc.), dragonflies and especially Clousers, and deceivers and articulated bullethead darters for largemouth bass and pickerel.

License Required: Delaware license. A license is available on-line with credit card purchase. A seven day tourist (non-resident) license costs \$12.50 + \$1 handling, or \$20 for the whole year. The following is the link to website to acquire your Delaware fishing license:

NOTE: Please get your Delaware fishing license before heading out for this outing. The park office does not issue licenses and vendors are a significant distance from the park.

Alcohol and pets are not allowed in the Day Use Area. Trap is a tobacco free park.

Take Pictures: While you are enjoying the fellowship of fly fishing with your club members, please take plenty of pictures with your camera or cell phone, particularly of everyone catching lots of fish. We want to share the experience with other club members via the FSFF’s web site and our Facebook page so they are encouraged to join on one of the many outings sponsored by the club.

SAFETY: Safety is a paramount concern on all FSFF sponsored outings. On all FSFF sponsored outings, please be safe out there as it is your responsibility to stay within your capabilities and practice water safety at all time. Check with the above listed outing coordinator for more information on the fishing conditions if you have any concerns or questions. **If boating, always wear your PFD and if water temperatures are below 60 degrees F, have a plan to protect yourself from cold water immersion hazards should you fall in.** Most importantly, enjoy the fellowship of your fellow members through fly fishing and tight lines!
