10 AM to 12 PM

Free State Fly Fishers' Clubhouse
Davidsonville Family Recreation Center

Rich will offer excellent advice on packing the proper gear for your fly fishing outings. He'll review what you need for multiple kinds of trips -- shore fishing, wading, floating. He'll discuss that the time of year, where you fish and the species you plan to target will impact what you pack. Then he will delve into choosing:

- The proper fly rods and reels
- The appropriate flies
- The ancillary gear needed for that particular trip

Rich's methods of preparation which rely heavily on his decades of fishing experience will ensure that you carry only what you actually need for a successful outing plus items for contingencies that may arise.
