

# Tequeely Streamer

Tequeely is a great smallmouth streamer fly as well as for trout

**Materials Needed:**

**Hook:** Streamer hook #2-6

**Bead:** Gold Bead to match hook size used

**Thread:** 6/0 Black

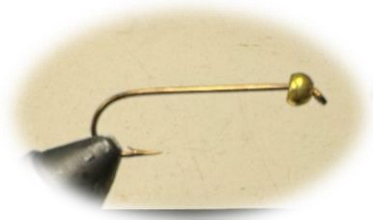

**Tail:** Marabou-Yellow over black over yellow

**Body:** Root beer Estaz

**Legs:** Medium Yellow rubber or silicon legs, 3 Sets of two

NOTE: *The above was one of the original color combinations but you can certainly experiment with different colors.*

1) Place bead on streamer hook and put in vise.

2) Attach clump of Yellow Marabou about length of hook shank.

3) Repeat with black Marabou

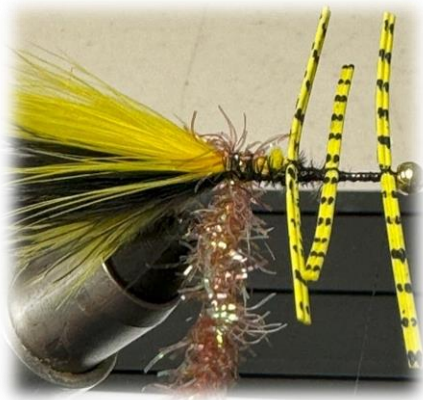

4) And repeat with Yellow Marabou

**5)** Tie in strand of Estaz at hook bend and leave hanging.

**6)** Tie in two strands of rubber or silicon legs approx. length of hook shank off each side of hook.

**7)** Then repeat two more times one set about midway up hook shank and the last near the beadhead.

**8)** Now start winding the Estaz forward working between the legs and then tie in behind bead head.

**9)** If you use strip legs you can now separate the legs or if you used single legs doubled then you are done!
