### Equipment Needed:

- **Fly rods** from 6-8 weight to enable you to easily cast Clousers or other large weighted flies or flies with large wind resistant bodies.
- **Fly lines:** Recommend having access to floating, intermediate fly lines and/or floating line with 10' sink tip. The Pond is shallow, but we will be fishing some deeper sections and you will need to get your flies down 3-5 feet.
- **Leaders:** Be sure to have a 25-30 lbs. bite tippet at the end of your leader—6-8 inches is sufficient. Pickerel have sharp teeth and will easily cut through normal leader material.

**Recommended Flies:** Clouser minnows, bullet head flies, large crystal buggers and your favorite pickerel flies in hook sizes 2 through 1/0 for targeting pickerel.

**License Required:** Delaware license.

**Other Trip Logistics and Fishing Information:** Launch Ramp/Shore Fishing: There is a place to launch kayaks and canoes, at the end of the parking lot.

**Safety:** Safety is a paramount concern on all FSFF sponsored outings. On all FSFF sponsored outings, please be safe out there as it is your responsibility to stay within your capabilities and practice water safety at all time. Check with the above listed outing coordinator for more information on the fishing conditions if you have any concerns or questions. If boating, always wear your PFD and if water temperatures are below 60 degrees F, have a plan to protect yourself from cold water immersion hazards should you fall in.

**Liability Waiver:** It is mandatory that any trip attendees of this trip sign the FSFF Liability Waiver and submit them to Frank Bowne, FSFF Membership Coordinator. Copies of the waiver can be accessed on the club's website at:
